VINCENT MORREALE ORGANIZES OWN FREIGHT LINE

New Company To Be Known As Gulf Coast Motor Lines—Agencies From New Orleans To Mobile

Having started in the freight line business as a solicitor for the Interstate Truck Line in 1929, Mr. Vincent Morreale, prominent young business man of Bay St. Louis, today sees his effort rewarded, when he put into operation his own company, the Gulf Coast Motor Lines.

Born and reared in Bay St. Louis, 37 years ago of Italian parentage he accepted a job as solicitor for the Interstate Truck Line in 1929 and remained in their employ until 1931 at which time he became agent for the Gulf Coast Motor Line and operated two trucks of his own for this company. In 1935 together with Mr. A. J. Schexnayder and Mr. C. C. Couvillion he organized the Mobile Express Co. The latter sold his stock in the company to Mr. E. Guilford. Mr. Morreale served as agent along the Gulf Coast for the Interstate Truck Line until recently, when he purchased the franchise of the Acme Freight lines from New Orleans to Mobile. Upon acquiring this franchise he immediately disposed of his stock and holdings in the Mobile Express Co. and organized his own company, the Gulf Coast Motor Lines, which is exclusively owned by Mr. Morreale.

The Gulf Coast Motor Lines has its main office at 429 Calhoun street, New Orleans, La. This office is in charge of Mr. C. C. Couvillion as agent and Mrs. Alena Rapp as bookkeeper. Agencies and terminals are maintained at Bay St. Louis, Pass Christian, Gulfport, Biloxi, Pascagoula and Mobile.

Mr. Morreale has fifteen trucks in the fleet of the Gulf Coast Lines and the same force composed of E. J. Besancon, Sylvester Guagliardo, Ben Morreale, Bill Morreale, Marshall Morreale, Sam Compretta, Cherry Clifton and E. J. Marengo, who handled the local affairs of the Mobile Express have followed their employer into his new company and will be on hand to render you the service that you need in your freight business.

The advances this young man has made is a splendid example of the accomplishments of hard work and attention to duty. It has not all been a bed of roses, he has had his ups and downs, and after speaking to Mr. Morreale for a few minutes you soon realize that he is not prepared to stop working at any time. When he began to unravel the many details that must be attended to, you visualize the job ahead of him. He realizes that he must again begin from scratch and that it is necessary that he have the full support of his many friends in order to succeed in his new venture.

In 1931 he married Miss Angelina Compretta, and they have two children, J. V. and Patsy. Mrs. Morreale has been his working partner since he started in the freight line business and she is by his side aiding him in his new company.

Bay High Junior-Senior Banquet Held Last Week

The Bay High Junior-Senior banquet, given at Mollere's Chickenburger on Thursday evening, proved an outstanding occasion.

The banquet table was in the shape of a horseshoe and the decorations were carried out in the senior colors of green and white. The place cards were quite original and a novelty, as they were also souvenirs. These place cards were programs, as well, with space allowed for autographs, as each one had a pencil attached so that it wasn't long before all autographs were exchanged.

Clois Pughen, president of the Junior Class was toastmaster, introducing Prof. S. J. Ingram, Miss Julia Blaise, Mrs. Geo. Cursi and Miss Mary Leigh Weston, each of whom gave a very appropriate response.

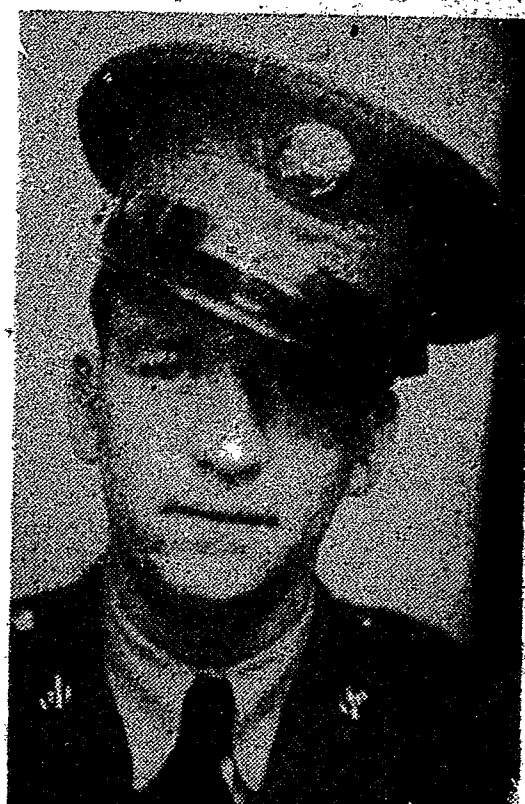

A program of songs and recitations was the form of entertainment given by the students. Those were all very well rendered and enjoyed. One outstanding number was "The Clermont Harbor Blues" sung by Ray Garcia.

Miss Jane Wolfe was spokesman for the Senior Class, expressing appreciation to all for the delightful evening.

SGT. STANLEY R. BOURGEOIS

Sergeant Stanley R. Bourgeois, son of Mr. and Mrs. T. J. Bourgeois has been cited for heroism. The following is a copy of the citation: Headquarters United States Army Services of Supply

Office of the Commanding General Citation to Accompany General Orders No. 9 Headquarters United States Army Services of Supply 14 January 1945

Sergeant Stanley R. Bourgeois, (34136179), Ordnance Department, United States Army, for heroism at Hollandia, Dutch New Guinea, on 17 September 1944. When a large stack of enemy high explosive artillery shells began to blaze fiercely, thus endangering tons of additional ammunition, a nearby infantry battalion bivouac area, and the main highway, Sergeant Bourgeois, on duty as fire truck operator at the Ordnance Service Center, proceeded to the scene of the fire in the truck, approaching to within sixty yards of the conflagration. Despite detonating shells and scattering shrapnel, which rendered the area in a radius of four hundred yards and extremely hazardous zone, he assisted in the assembling of the hose, operated the pump, and directed the stream of water on the flames, resulting in his post until the blaze was extinguished. Through his calm, courage, determination, and energetic actions, Sergeant Bourgeois was instrumental in the saving of much valuable government property and possibly the lives of Army personnel at the grave risk of his own life.

We know that Mr. and Mrs. Bourgeois are exceptionally proud of their son. He is one of five sons who have been in service, and one of 12 children. We have known this boy since childhood, and we join with his many friends in the hope that he will continue to distinguish himself and that he will return safely to his family.

MEET IN GERMANY

A meeting of two Bay St. Louis boys who were pals at school and had not seen each other for some time took place somewhere in Germany on April 11, when Leo Cholina and Oscar Bragg, Jr., met, at dinner together, spent the evening talking about home, and so many other things so dear to them, after which Oscar took Leo to his outfit.

"The meeting was more to us than words can explain," said Leo when writing to his mother. It is hoped that "it won't be long now" before these boys meet again at their homes here in the good old U. S. A.

It is estimated that we will go well over our quota and the exact number of pounds will be published in next week's issue of The Echo.

Receives Superior Rating At Pasadena School

Mr. and Mrs. Robert L. Mitchell are in receipt of news from the Pasadena School of the Theatre stating that their daughter, Betty Lee, has received a superior rating and her name entered on the eligibility list.

Out of a Class of 98 mid-term Juniors who entered in January with Betty Lee, thirty were dropped after five weeks and the remaining sixty eight allowed to pursue their studies for the major examinations. Only ten girls and twelve boys in this class made the superior rating and entered the eligible class and Betty Lee was one of them.

She was also the only Junior sent out by the Radio Department of the school, with several Seniors and Post Graduates to broadcast for the American Red Cross.

Within a few weeks Betty Lee will record a song for a writer who is a member of the Pasadena Playhouse.

Meeting of War Bond Workers To Be Held At Courthouse, May 8th.

Volunteer war bond workers and leaders in Hancock County's 7th War Loan Drive will receive detailed instructions for "our greatest war financing task in history" at a county wide meeting to be held on the morning of May 8th at the Courthouse at Bay St. Louis beginning at 10 o'clock according to a statement of Mr. J. Gex, Jr., War Loan Drives Chairman.

"This is the most important meeting of the entire campaign," the two officials said. "It will be a working conference and we sincerely urge every community chairman to let nothing short of providential hindrance prevent attendance. Campaign facts and community quotas will be given, along with materials and instructions. We know everybody is busy but the Drive is an essential war assignment and must be taken out now, with 100 per cent cooperation on the part of chairmen and key workers, will get our big job off to an early start and will mean time saved later on."

A high light of the meeting will be a statewide broadcast featuring national and State War Finance officials. Speakers on the program will include Ted Gamble, National War Finance Director; R. W. Coyne, National Field Director; Rex I. Brown, State Chairman; Frank R. McGeary, Jr., State Vice-Chairman; Mrs. Loraine T. Crockett, Chairman of the Women's Division, and Governor Thomas L. Bailey. The broadcast, which will be carried by every Mississippi station, WREC, in Memphis, WVL and WSMB in New Orleans, will begin at 10:45 and continue until 11:00 A. M.

"This is Mississippi's and Hancock County's busy season," county officials commented further, "and out of consideration for busy leaders, the state's and our county's big objective for a big E-Bond job will be to finish in 7 days for the 7th. The drive officially opens on May 14, and by May 21 we hope to be over the top on our E-Bond quota, either in sales or pledges. The county, with its greatest E-Bond quota yet, must sell and buy \$165,000.00 in E-Bonds."

"There will be, however, only two campaigns this year instead of three which means that citizens can invest more in each."

"It looks like the war is practically over in Germany, but there is still bitter fighting ahead in the Pacific, and the homefront must remain united in E-Bond buying and selling. Now it is more important than ever that all invest to the utmost for the final surge for total victory."

"Let's work together as never before,—begin early and finish quickly,—to make the 7th War Loan Drive the most successful of them all. Certainly, we can't afford to let up at this hour on the home front."

Released as Prisoner Of War

When parents have waited months with the thought uppermost in their mind that their boy would come home, that their boy was safe and had been released from the prison camps of our enemies, and that they finally arrived, it lends great happiness and cheer.

Mr. and Mrs. Charles Ruffin of Logtown, received news that their son Willie Ruffin, had been released as a prisoner of war in Germany. He had been in a prison camp for 26 months, and was released on April 13, 1945.

He has written his parents, and at that time was in France. He advised them that he expected to be home for "Mothers Day." What a Mothers Day present this will be for Mrs. Ruffin. We had occasion to talk to Mr. Ruffin, and he told us that words could never express, nor could anyone ever know the feeling that came over him and Mrs. Ruffin when news of their son's release reached them.

All who know this splendid young man are happy that the prayers of this aged Father and Mother have been answered and that their son is returning to them.

CAMPAIGN FOR CANCER CONTROL OPEN

The campaign for Cancer Control is open this month in our city and our County and Mrs. W. L. Bourgeois as captain and Mrs. Leo W. Seal as lieutenant, are in charge of the campaign and will call on all right-minded citizens to contribute to this worthy cause.

Cancer's importance as a public health problem is highlighted by the presidential proclamation designating April as Cancer Control month.

Millions of Americans, who will otherwise die of Cancer, can be saved on the basis of present knowledge if it is applied, for early cancer is curable in the great majority of cases. Every individual should learn to recognize the danger signals which may mean early cancer and call them to the attention of his physician. These symptoms are: any sore or discharge from any natural body opening; change in color and size of a wart, mole or birth mark; persistent indigestion; prolonged hoarseness; any decided change in body habits.

Cancer can be cured by surgery, by X-Ray and by radium, or by a combination of these, the unit captain and state chairman cautioned that it is essential that the disease be caught early and medical aid be secured promptly.

The fight against cancer must be waged along the three fronts: education, service to cancer patients, and research."

To carry out this work of Cancer Control you are urged to give as generously as possible through the campaign so that the needed funds may be provided. Give generously when approached. No one is insured against cancer and the only weapons necessary to fight this "no. 1" disease are early diagnosis and early treatment. We can go forth prepared to wage war against this killer in the form of cancer.

BAND CONTEST HELD MONDAY PROVES SUCCESS

St. Stanislaus, Bay High And Picaune Bands Participate

The St. Stanislaus Band was organized in September, 1934, under the direction of Brother Ronald who is still with the organization. This band of Bay St. Louis has captured 12 Superior Ratings at State Contests. The High School Department has an enrollment of 220 students. Better than 20% of the student body take instrumental music—most of the music students receive private lessons once a week. Rehearsals are held for a period of one hour on every school day, after school.

It is one of the best equipped Class C Bands in the State. Its library has 198 standard band selections, 77 solos, 44 ensembles, 14 sets of band books, several sets of methods, studies and research books. The entire equipment of the organization is assessed for more than \$8,000.00. As a result of the O. R. T. refusing Association permission to hold district band contests, the Executive Committee drew up another plan. This plan called for out of state judges to visit each band and conduct the contest event in the same manner as they are carried out in a state contest.

This ruling is set down by the National Band Association and is that to be in Class "C" there must be 150 High School students. They are judged—

Superior rating 95% to 100%. Excellent 87% to 94%. Good 80% to 86%. Average 75% to 79%. This contest was held last Monday in Bay St. Louis.

St. Stanislaus Band, Bay High School Band and Picaune High School Band are the only Class C bands on the Coast. They were judged by Mr. Robert Gilmore of Bolton High School of Alexandria, La., with the following results: Solos receiving Superior Rating—all of St. Stanislaus:

Karl Fasold, B. Clarinet. Joseph David, Trumpet. Francis Sharbert, Trombone. Robert Schaff, Baritone. Robert Fayard, Drum. Excellent Rating—all of Stanislaus:

Arthur Seafide, E. b Clarinet. Edward Steiner, B. Clarinet. James Fayard, Tenor Sax. E. Christenberry, Trumpet. Joseph Fasold, Trumpet. J. H. Bonck, Drum.

Ensembles, all of Stanislaus: Clarinet Quartet, Superior. Sax, Superior. Drum Duo, Superior. Brass Quartet, Excellent. Concert—

St. Stanislaus Band, Superior. Bay High Band, Excellent. Picaune Band, Good.

Marching—

St. Stanislaus Band, Superior. Bay High Band, Excellent. Picaune Band, Excellent.

Twirlers—

Alicia Rollins, Bay High, Excellent. Rodney Ranson, St. Stanislaus, Excellent.

St. Stanislaus Band had 18 entries and 10 of these received Superior ratings, 10 excellent. Brother Ronald stated that this is the most outstanding rating the band has received in the 13 years of its existence.

A very enjoyable evening of dancing was had by members of the three contesting bands. Each contributed music for the occasion, a limited time through out the evening. The dance was held at Bay High gym.

WARNER'S 'OBJECTIVE,' BURMA' AT A. & G. SUNDAY & MONDAY

Starring Errol Flynn

There are many ways to describe a motion picture. Some are good. Some are bad. Some are sneaked into the theatre in the dead of night to be sprung on the unsuspecting audience along with the three other features. Some are "magnificent," "grand," "stirring," and great. Yet at times these are no more than adjectives used by those in the movie trade.

Last night this reviewer saw a motion picture at the Strand Theatre. If there has ever been a picture that reaches for a clod of earth and holds it up for all the world to see; if ever the simple dignity of man's faith in his cause, his way of life, his God, has been brought to the screen in a finer motion picture than Warner Bros. "Objective, Burma," then this reviewer has not seen it. For "Objective, Burma" is as real as that service flag in the window and as down to earth as that letter from your G. I. Truly it is a hymn to those who are skyborne with boots of clay—the men of the parachute corps.

Here is a moving tale of one parachute company, dropping like so many sacks of grain into the dark twisted Burma jungle on a mission that will take them crawling over one hundred and fifty miles of endless Hell. It is a tale of valor

With 38th Infantry Division On Luzon

With the 38th Infantry Division on Luzon—Pfc. Charles La Fontaine, son of Mrs. Mary LaFontaine, Ansley, Miss., is with the "Avengers of Bataan," the 38th Infantry Division now fighting in the Zambales mountains of Luzon. Pfc. LaFontaine is an Army cook for "A" Battery, 38th Field Artillery Battalion.

Before entering the Army, June, 1942, LaFontaine was a lumber jack with the Weston Lumber Co. He is entitled to wear the Asiatic Pacific Ribbon with one campaign star and Philippine Liberation ribbon.

and courage that can find its equal only in the annals of other men who performed similar deeds against the Japs in Burma.

In the role of Capt. Nelson Warner Bros. have cast Errol Flynn, veteran of assorted action stories. Mr. Flynn's performance as the kindly captain desperately trying to conceal from his men the fact that their plight is hopeless, is truly deft, clean cut, and inspiring.

As a direct contrast to the hardened soldiers who dominate "Objective, Burma," Henry Hull's characterization of Williams, the combat correspondent who has raced off to wars after years at a re-write desk and various bars, is excellent. His awakening to the real meaning of war and his resulting deep sympathy for the common soldier is in reality an allegorical message to the war-weary thousands at home.

Logtown News

On Friday, April 27th, at 8:00 o'clock P. M. the Logtown Grammar School closing exercises were held in the Methodist Church which was beautifully decorated. There were two graduates from the 8th grade. Nell Odom and Betty June Moran. A very nice program was rendered by the pupils and Mr. Sam Favre, Jr., County Supt. of Education delivered the address. This brought to a close a most successful term of school under the principalship of Miss Grace Jones with Mrs. J. A. Howze and Mrs. Cassie Hancock as assistants. The large crowd that attended this exercise was in tribute to these teachers who have so faithfully worked that the children might have the advantages that they have enjoyed. The lunch room, under the supervision of Miss Bertie Casanova with Mrs. Emily Lott as assistant, is also quite worthy of mention. As the higher officials have said, it was certainly above the average lunch room in rural sections and equal to those in the larger schools.

Last week, Lt. Howell Russ returned to Camp Rucker, Ala., after a twelve day furlough with his mother, Mrs. D. L. Russ here. On Wednesday evening before he left, his sister's home, Miss Plaine Russ and Mrs. Alex Couloungue entertained him and group of friends with a buffet supper in the Couloungue summer home here where Mrs. Couloungue remained for a week while Howell was at home. Mr. and Mrs. Ames Russ of Poplarville and Mr. and Mrs. Warren Traub of Mobile also visited in the Russ home during the time.

Willard McCarty, F 2/c, U. S. Navy has arrived to spend a thirty-day leave with his parents, Mr. and Mrs. S. D. McCarty here. Willard has been in the Navy since October 1942 and this is the first leave home. His brother, Clifford, is still across where he has been some time.

Mrs. A. Jackson has returned home and is recovering from a serious operation that she underwent in Baptist Hospital.

Recently Mr. and Mrs. Peter Ludkon, of Jackson, Miss., visited Miss Annette Koch here.

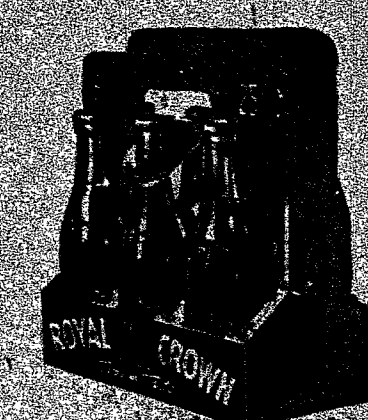

Miss Jessie Pearl Koch has returned to Algiers after spending two weeks in the home of her aunt, Miss Rebecca Koch.

Mr. and Mrs. Richard Sedlak of Norco, La., and their guest, Mr. Sedlak's mother of Chicago, Ill., visited Mr. and Mrs. Arthur Marshall Sunday.

Mr. and Mrs. V. A. Arendale of Hattiesburg and their guest, Miss Beesie Fountain of Meridian spent last week end with Mr. and Mrs. C. W. Fountain, Sr., and family. Miss Fountain is a niece of Mr. C. W. Fountain and has not visited here for quite some time, so she remained for a longer visit.

Lt. C. W. Fountain, Army, and Cleve Dawsey, Coast Guard, met recently in the Pacific area and had quite a nice visit.

Mr. and Mrs. Clarence Davidson and children of New Orleans spent last Sunday with Mrs. Davidson's parents, Mr. and Mrs. D. R. Sacerdote. Mr. Davidson has been discharged from the Marines after lengthy service overseas.

Stanislaus Track Team In Gulf Coast Regionals

The Stanislaus track team resumed its activities after several years lay-off in competing in the Gulf Coast Regionals. Brother Julian's charges did credit to Saint Stanislaus, for they placed in every boys' event, except the low hurdles and emerged with two second places and seven third places. As most of these boys represented Stanislaus after close competition in the intramurals, there is great promise that Stanislaus will be a threat in track next year in the meets.

MORE ELECTRIC POWER

... for the Development of
SOUTHEAST MISSISSIPPI

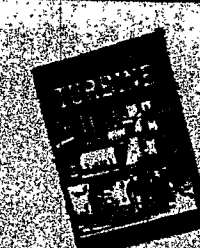

PLANT EATON, with its modern 25,000-kw turbine-generator built by General Electric, is now in service. The inauguration of the new Leaf River station of the Mississippi Power Company is a significant event that brings far-reaching possibilities for development. It is the largest steam-electric generating plant in your state and one of the most modern in the entire country. It is also the first large-scale project of its kind in Mississippi.

Plant Eaton is not only a new power source, but it also represents an important step forward in the economic progress of your state and the area served by the Mississippi Power Company. Built for the more immediate purpose of supplying power for the various war activities of the region, it holds in its electric generating capacity, a promise of growth and prosperity for peacetime enterprise, and encouragement to future industrial-agricultural development.

Ample electric power is a prime inducement for the location of industries. And Plant Eaton will provide power for

the establishment of new industries and the expansion of your present ones—power for processing plants—power for newly electrified farms—power and light for new homes. It is designed for the installation of three additional 25,000-kw generators to keep pace with the development of your section.

We of General Electric salute your utility company's faith, foresight, and courage. As the world's largest builder of steam turbine-generators, we count it a privilege to have had a part in this outstanding service to Mississippi.

"THE STORY OF THE TURBINE" is a 24-page illustrated booklet that gives a few of the most interesting facts about the steam turbine, its use in peace and in war. You may obtain a copy by writing for GEB-129, Address General Electric Company, Sec. 254-28, Schenectady 5, N. Y.

Congressional Sidelights

Congressman Wm. M. Colmer

Fair Employment Practices Bill

Several weeks ago in this column we called attention to the fact that the House Labor Committee had reported out the so-called Fair Employment Practices Committee Bill. This bill allegedly has for its purpose to see to it that no American citizen, regardless of his race, color or origin should be discriminated against in the matter of employment. We further stated then that the Rules Committee, of which we are a member, would likely refuse to give the bill clearance to the floor of the House, but that the proponents of the bill would in all likelihood seek to get it to the floor by a petition signed by 218 members of the House. And that due to the political pressure that would be brought by the Negro organizations, the C. I. O. and the class of people who believe that all alleged injustice can be righted by legislative enact—known as the "reformers"—sufficient signatures could be secured to discharge the Rules Committee and bring the bill to the floor of the House.

Notwithstanding the fact that the Rules Committee is still conducting its hearings, the proponents of the bill in the House have now filed their petition and the minority pressure groups are busy in getting the necessary signatures to force the bill to a vote on the floor of the House.

In all our experience here as your representative in Congress we have examined no proposed piece of legislation aimed at the South which is more serious in its implications than this bill—the anti-poll tax and anti-lynch bill not excepted. Neither in our experience here have we been confronted with any proposed legislation which would do more toward bringing about disunity in the country the inciting of race riots, and greater regimentation of our people than this bill.

And while the country is accustomed to these attempts to legislate against the South we are convinced that this measure would prove to be a great injury not only to the South but to all other sections of the country as well. If the other sections of the country were really advised and acquainted with the vicious provisions of this bill we believe that they too would rise in revolt. Space in this column does not permit a detailed discussion of the bill, but we would like to point out here that if the bill becomes law any person, corporation or association employing more than 6 persons who allegedly discriminate against a member of a minority group because of his race, creed, color, or national origin or ancestry could be haled before a bureau or its representative in Washington, or any other section of the country regardless of how far from his home, and tried, convicted, and sent to the penitentiary, or fined, or both—and that without the benefit of trial by jury. The language of the bill is broad enough to cover not only Negroes but also Mexicans, Jews, Germans, English, Russians, Japanese, and all other persons of national origin or race, including Methodists, Baptists, Catholics, and others. To illustrate, if a Catholic Methodist Church conducting a school should need a teacher it would be required under the provisions of this bill to employ a Baptist teacher if he had the qualifications to teach and first applied for the job. Similarly, a merchant employing more than six clerks could discriminate against a person of panose origin if he applied for a job as clerk and was otherwise qualified. Again, a large Episcopal Church which had a paid choir could not discriminate in its employment against a Negro or any other member of the minority group.

This is undoubtedly the most vicious piece of legislation ever proposed in the Congress. And yet, in spite of this, we predict that because of the political pressure of these organized minorities the bill will pass and when it comes to a vote. As a member of the Rules Committee we are doing everything we can to call the attention of the country to the inequities of this proposal. Hilter in his hey-day put through nothing in Germany more vicious than this. We have heard a great deal in the past several years about regimentation of our people and the necessity of getting permission from some government bureau to perform the functions of business and private enterprise. The presence of government agents, snipers, etc., and the necessity for filing governmental forms has been the subject of bitter complaint by businessmen both large and small. But if this proposed bill should become the law of the land, all of these other complaints would fade into insignificance. Under this bill these Federal agents would have the right, for instance, to seize the books and records of any business in the country, whether large or small, and that without a search warrant, in the guise of protecting minority groups from being discriminated against.

ORTIE THEATER SUNDAY & MONDAY "NOTHING BUT TROUBLE"

M-G-M's Hilarious New Comedy Starring Stan Laurel and Oliver Hardy

The Laugh Parade is in town these days and Stan Laurel and Oliver Hardy are its drum majors. That means there's a mile of laughs at the Ortte Theatre where the angular Stan and the rotund Ollie are appearing in Metro-Goldwyn-Mayer's "Nothing But Trouble."

Tossed out of job after job as a butler, chef, team, the comedians finally find themselves in demand because of the manpower shortage and are hired by socially ambitious Mrs. Hawkey, played by Mary Boland.

Their first assignment is to serve a dinner to the guardian of a young king-in-exile—and thereby hangs a tale of one of the funniest movies to hit the Ortte Theatre screen in many a month. Stan and Ollie meet the young ruler without being aware of his identity and mistake him for a homeless waif. The lad, tired of being guarded and preferring the freedom of the average American lad, doesn't disillusion them. Eventually the Prince learns that the guardian, Prince Saul, is plotting to do away with the king and become the ruler himself.

The film takes them all through a hilarious series of events which sees them set things to right only after the kind of rib-tickling misunderstanding Stan and Ollie always have been famous for.

Miss Boland plays the scatterbrained Mrs. Hawkey to perfection. Philip Merivale as the scheming guardian, is a very hissable menace, and young David Lissand does a fine job as the boy king.

The hand-picked cast includes also Henry O'Neill John Warburton, Mat. Hew Boulton and Connie Gilchrist. "Nothing But Trouble" was directed with an eye to broad comedy by Sam Taylor.

SOMEWHERE IN THE MARIANAS

Corporal Murtagh, St. Stanislaus alumnus of Class '42, is shown here giving a few pointers on shorthand to some of his pupils at a 7th AAF base in the Marianas. Corporal Murtagh is now a schoolteacher during his spare time overseas in addition to his regular duties with a 7th AAF troop carrier squadron in the Marianas.

Cpl. Edward Murtagh Appointed Instructor In Army Air Forces

A 7TH AAF BASE IN THE MARIANAS—Becoming a school teacher, in addition to regular duties with a 7th AAF troop carrier squadron in the Marianas, was about the last thing Corporal Edward D. Murtagh, Jr., of Bay St. Louis, Mississippi expected he would be found doing during his spare time overseas.

"I never thought I would become a school teacher when I joined the troop carriers and came overseas last March," Corporal Murtagh said. But when a large box of textbooks arrived from the Army Information and Education Section two months ago, a "class room in combat areas" was started. Instructors with enough knowledge of the various subjects were selected by the squadron intelligence officer.

Awarded Two Oak Leaf Clusters

An Air Medal with two Oak Leaf Clusters, awarded to Technical Sergeant Emil G. Piazza was presented to Mrs. Pasquale G. Piazza in her home here on Tuesday of last week. Sgt. Piazza, is at present a prisoner of War in Germany.

The citation which accompanied the medal read "For Meritorious achievement in accomplishing with distinction several aerial operational missions over enemy occupied Continental Europe. The courage, coolness and skill displayed by this individual in the determined opposition, materially aided in the successful completion of these missions. His actions reflect great credit upon himself and the Armed Forces of the United States."

Increased Feed Subsidies For Hancock County Cream Producers

Recommendation to Congress by the War Food Administration to continue the present feed subsidy of 10 cents a pound on butterfat throughout the third quarter of this year, beginning on July 1, is welcome news to Hancock County cream producers.

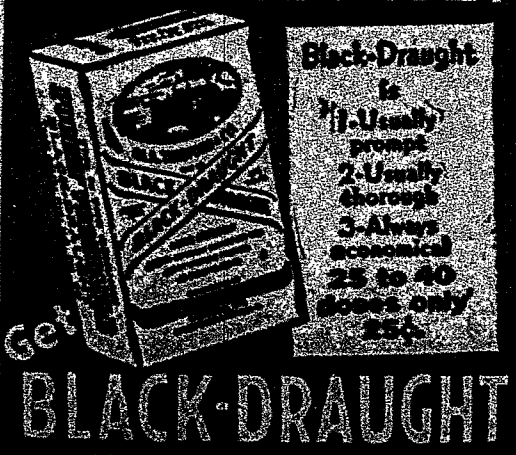

There were some predictions that this subsidy would be reduced to 6 cents a pound during the third and fourth quarter of 1945.

Further stimulation to the production of cream for buttermaking was given by the recommendation that the subsidy be increased to 10 cents a pound for the fourth quarter of the year, beginning on October 1.

Officials of the National Cream Quality Program—point out that with a subsidy of 10 cents a pound for 9 months of the year and 16 cents for three months, the average subsidy for the year will be 11 1/2 cents. Figuring conservatively that the average annual butter fat production of cows is 175 pounds, this means that the cream producer will receive a subsidy payment of \$20.12 1/2 cents per cow. A producer with a herd of 6 cows will receive \$120.75. This sum is increased, of course, when the cows produce more than 175 pounds of butterfat a year.

Government reports indicate that 1,810,000,000 pounds of butter were produced in the United States last year. It took 1,448,000,000 pounds of butter fat to produce this amount of butter. To produce this amount of butterfat, 38,200,000,000 pounds of 4 per cent milk was required. This was equivalent to 31,213 per cent of the 120 billion pounds of milk produced in the United States during 1944.

Need a LAXATIVE?

subjects were selected by the squadron intelligence officer.

"The men's response has been enthusiastic. I was surprised at the number of guys who joined the class. We meet twice a week for two hours and find that it is a lot of fun," Corporal Murtagh, who teaches short-hand, explained.

The Troop Carrier College now has seventeen courses on its curriculum, animal husbandry, the last to be added. Others include trigonometry, musical harmony, shorthand, typing, bookkeeping and foreign languages. There are no registration fees, no prerequisites to the courses, no examinations, no formal credits and no attendance records.

Corporal Murtagh's wife, Beryl, is living at 355 Main street, Bay St. Louis, Mississippi, and his parents live at 8234 Arnot street, New Orleans, Louisiana. He has one child, Beryl, age six months. Corporal Murtagh was graduated from St. Stanislaus in June, 1942.

CHALLENGES YOU to a short 7 day CAMPAIGN

Our County and other counties will stage the MIGHTIEST and SHORTEST War Loan drive in the 7th. Because the 7th War Loan drive is one of only TWO in 1945, instead of one of THREE, our County must buy MORE than our usual amount of E-Bonds.

On May 8th, there will be a county-wide meeting of 7th War Loan workers in our County, at which time they will map plans to achieve our quota in a short, intensive SEVEN-DAY campaign.

The infantry has been called the queen of battles when shots are being fired. On the home front, the community chairmen and their workers—our War

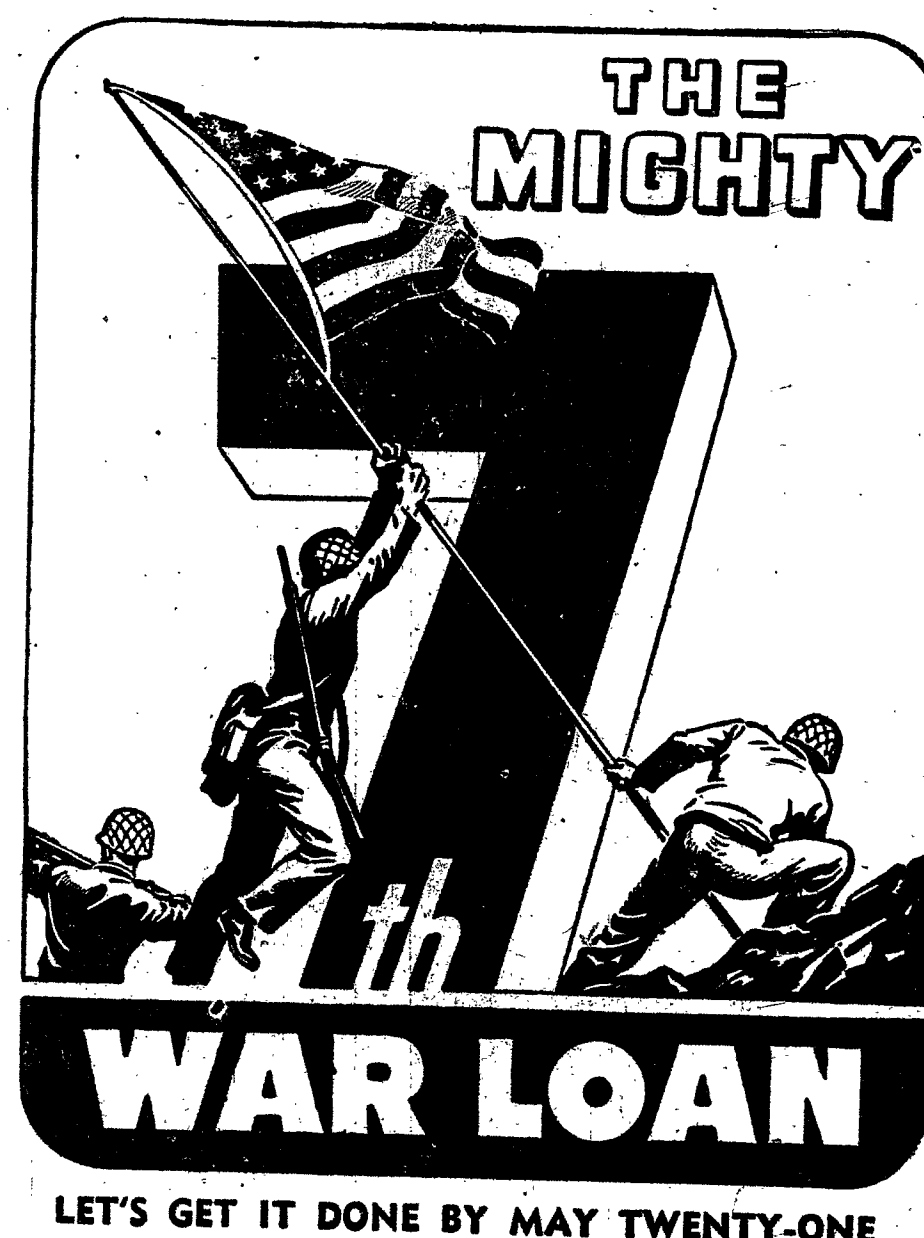

Bond Army—are the unsung heroes. This home-front army will receive its 7th War Loan battle orders on May 8th—will set out to win a victory in "Seven Days, For the Seventh."

Determine now to support your homefront "infantry" in the 7th War Loan drive. It is imperative that the utmost cooperation be displayed on the part of every member of this volunteer Army in our county. Because it is an Army—marching step by step to Victory—in the 7th War Loan drive. Be ready when a member of this Army calls on you.

Let's work together and make our county first of the ten leading E-Bond counties in Mississippi. The first ten counties in E-Bond purchases will be rewarded with an E-Bond plaque as a permanent recognition of high achievement. We want the plaque, but first we must support to the last dollar, our fighting armies marching to victory, and our homefront volunteers who are backing them through taking leadership in this drive.

Our money is needed for war! Even with the fall of Germany, we have not yet begun to wage full-size war in the East. And neither has the Jap! The single greatest obstacle to our crushing Japan is distance.

To crush Japan will take time, heroic and backbreaking effort, overpowering equipment. In only TWO War Loan drives, we must equal the War Bond purchases usually achieved in three. Only by buying bigger, extra bonds can we stretch two into three. Let's DO it!

In Loving Memory of Our Beloved Son and Brother

SECOND LIEUTENANT LOUIS T. RANSON

Died May 4, 1943.

Days of sadness still come o'er us,
Tears in silence often flow.
Memory keeps you ever near us,
Though you passed on two years ago,
No one knows the silent heartaches,
Only those who have lost can tell,
Of the grief now borne in silence,
For the one we loved so well.

Sadly missed by
MOTHER, FATHER, BROTHERS
AND GRANDMOTHER.
